

What do I want to learn or understand better?

- I would like to learn HTML, CSS and JavaScript since it will be used in the project.

How can I help someone else, or the entire team, to learn something new?

- Make sure that everyone in the group feel free to discuss issues and try to figure out the issues together. I also have some knowledge in JavaScript that I can use to help the others that do not have any experience in the language.

What is my contribution towards the team's use of Scrum?

- Nothing so far.

What is my contribution towards the team's deliveries?

- I helped out when creating the business model canvas
